Ornaments & pick sticks
Princess Tiana doll
Spray Mod Podge
Glitter (optional)
Gold wire
Scissors

INSTRUCTIONS

STEP 1:

Lay out all materials.

STEP 2:

Flip over the wreath and start feeding the mesh ribbon (1 color at a time) through the back of the wreath. You will be creating loops of the ribbon that will show from the front of wreath.

Once you put both colors of mesh ribbon on wreath, it's time to start filling it in with ornaments.

Add the doll to your desired position. Use wire around doll waist to secure it.

STEP 8:

Continue to fill in ornaments and pick sticks.
